SENATE WOULD REDUCE TAX ON COPPER

Protests Convince Finance Committee of Injustice. Thirteen Per Cent Tax Favored on Big Incomes.

WASHINGTON, Aug. 4.—Democrats of the Senate finance committee today decided to adopt an amendment to a special revenue bill increasing the tax on incomes in excess of \$2,000,000 from ten to thirteen per cent. This is the only change contemplated in the income tax rates as carried in the House bill.

Incomes Hard Hit.
Tentatively the committee has approved the income tax rate of two per cent a year on all incomes in excess of \$3,000 for single persons and \$4,000 for persons with families and surtaxes ranging from one per cent on incomes in excess of \$20,000 to ten per cent on incomes in excess of \$500,000. The thirteen per cent tax on \$2,000,000 incomes is an added classification by which it is estimated the total revenues would be considerably increased.

Compromise on Copper.
It is reported that subcommittee which has been considering protests against the excise tax on production of copper, has decided upon a compromise which would lower the proposed taxes and add products of lead and zinc to the munitions taxable list. Details of the compromise are withheld.

PRESIDENT KEEPS OUT OF RAILWAY STRIKE TROUBLE

(By Review Leased Wire.)

WASHINGTON, Aug. 4.—After a conference between President Wilson and Judge Wm. L. Chambers, commissioner of the United States board of mediation and conciliation, it was indicated today that the federal government would take no formal action to avert the threatened strike of 400,000 employees of 225 railway systems of the country until representatives of the managers and workmen had conferred next week in a final effort to reach an agreement.

Any immediate action by congress was precluded when the senate commerce committee tabled a resolution by Chairman Newlands, providing for an interstate commerce commission investigation of the hours of the employees and including an appeal to the railroad managers and employees to postpone consideration of their differences until the investigation was completed. Favorable action on the resolution had been urged by the chamber of commerce of the United States and opposed by representatives of railroad employees.

President Wilson was told by Judge Chambers that the mediation and conciliation board believed there still is a possibility of avoiding a strike through conferences of the employees and employers or through intervention by the board. It is believed the president will wait until every other means of settlement has been tried before intervening himself.

UNDERGRAD STO BANQUET:

Sixty-five young Bisbee men, all undergraduates from various colleges and universities over Uncle Sam's fair dominion will gather Sunday evening to relate their prowess on the athletic fields, in the college social circles and incidentally consume numerous delicacies and indigestible concoctions. It is the first meeting of its kind ever planned in the District and its sponsors hope it will grow into an annual custom. Upwards of twenty-five schools are represented.

BETTER CAMP WILL BE HAD AT COUNTRY CLUB FOR SOLDIERS

With a camp site for eight companies of the Twenty-second infantry cleared of all mesquite and brush and some lumber on the ground the officers and men of the regulars expect to be moved to their new grounds the first part of the week. Workmen, yesterday, started the laying of a two-inch main to the Country Club to accommodate the larger consumption of water at that neighborhood. Under the present understanding the two companies, now stationed at Camp Greenway, will be transferred to Don Luis and a new camp will be cleared and started. The Don Luis camp will be north and west of the village and in the immediate neighborhood of the water tank. In this manner four companies, or an entire battalion will be at that point.

ALLIED TRIUMPH

(Continued From Page 1)

and calculated barbarity on the part of Germany indicates her sense of desperation. The record of her latest atrocities will blacken and has even besmirched the annals of the German army. Nor can we forget the great infamy directed against ourselves in the judicial murder of Captain Fryatt, which has stirred the indignation and outraged the conscience of the whole world.

The premier was greeted with an outburst of applause when he repeated the statement he made in the House of Commons that the entente allies were considering how to deal with German atrocities.

Brightest Prospects.

He concluded by stating that all the allies' army staffs are agreed that the prospects for an allied victory have never been so bright and that the final result of their victory would be a "great partnership of nations in the joint pursuit of a freer and fuller life for the countless millions who, by the efforts and sacrifices of generation after generation have maintained progress and enriched the inheritance of humanity."

Andrew Bonar-Law, minister of state for the colonies, characterized the war as the most wicked the world has ever seen and declared Germany had forever lost the advantages which the man years of preparation had given it.

Bonar Law Gets the Bully.

"The trolleys are closing around them," the minister said. "It is useless to talk about the latest German atrocities. We must do something as a world beast is at large. There is no good in appealing to the civilized world about it. There is only one thing to be done and we can do it—Shoot it."

Mr. Bonar-Law read messages from General Louis Botha, premier of South Africa, and Lieutenant General Smuts, commander of the South African forces, urging the continuance of the war with determination.

The Army

A WAY OUT

A Resident of Bisbee Shows the Way.

There's one effective way to relieve kidney backache. Liniment and plasters may relieve it.

But they seldom reach the cause. Backache is cause to suspect the kidneys.

Doan's Kidney Pills are for disordered kidneys.

Bisbee people back them up.

Read a case of it. W. W. Gristy, Bisbee, says: "I had pains in the small of my back and suffered from sharp twinges when stooping or lifting. At night my back ached severely and mornings I was lame and sore. I was tired and had no ambition. I often had headaches and dizzy spells and was annoyed by spots before my eyes. The kidney secretions contained sediment and were too frequent in passage, causing me to get up often during the night. Two boxes of Doan's Kidney Pills cured me."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that cured Mr. Gristy. Foster-Milburn Co., Props., Buffalo, N. Y.

SAVES DAUGHTER

Advice of Mother no Doubt Prevents Daughter's Untimely End.

Ready, Ky.—"I was not able to do anything for nearly six months," writes Mrs. Laura Bratcher, of this place, "and was down in bed for three months."

I cannot tell you how I suffered with my head, and with nervousness and womanly troubles. Our family doctor told my husband he could not do me any good, and he had to give it up. We tried another doctor, but he did not help me.

At last, my mother advised me to take Cardui, the woman's tonic. I thought it was no use for I was nearly dead and nothing seemed to do me any good. But I took eleven bottles, and now I am able to do all of my work and my own washing.

I think Cardui is the best medicine in the world. My weight has increased, and I look the picture of health."

If you suffer from any of the ailments peculiar to women, get a bottle of Cardui today. Delay is dangerous. We know it will help you, for it has helped so many thousands of other weak women in the past 50 years.

At all druggists.
